Scholarships for a sustainable future

We are dedicated to fostering the potential of future innovators and individuals interested in the electricity industry. Our scholarships are designed to support students who dream of making a difference in the electricity distribution sector, shaping a brighter and sustainable future for all.

Empowering your future

Through our scholarship fund, we offer financial support to students studying computer science, mathematics, data analytics, electronic or electrical engineering, sustainability, and Master of Science, or similar disciplines, with an emphasis on competencies involving cognitive science, business intelligence and/or artificial intelligence.

Your path to success

Financial support, encouragement, and potential work placements with Alpine Energy await scholarship recipients.

How it works

“The LineTrust funding has been invaluable in aiding my tertiary education. The scholarship has significantly eased my financial burden, which has allowed me to focus more on my studies and my netball commitments and aspirations. With this support, I have been able to pursue my academic goals without the pressure of finding paid employment, while also dedicating time to excel in my sport. I am deeply grateful for this assistance, which has made a meaningful difference in my educational journey.”
